

# eProcurement Light-Years Ahead

For more than 20 years, PlanetBids has pioneered a modern, cloud-based eProcurement ecosystem that streamlines bid management processes for government, private, educational, and nonprofit agency purchasing and public works teams.

The magic is in the PB System™, a suite of powerful modules that is hailed by public agencies and the vendor community for being easy to use, configurable, reliable, and secure.

-  **Save Time & Money**
-  **Boost Sustainability**
-  **Reach New Vendors**
-  **Ensure Compliance**
